Potential in food processing sector

144. SHRI B.J. PANDA: Will the Minister of FOOD PROCESSING INDUSTRIES be pleased to state:

(a) whether India produces around 10 per cent of world's fruits and vegetables and has a good potential in food processing sector;

(b) whether Government propose to exploit the food processing with the help of private and corporate sectors, to improve the economy of the rural areas; and

(c) if so, the details thereof?

THE MINISTER OF STATE OF THE MINISTRY OF FOOD PROCESSING INDUSTRIES (SHRI SUBODH KANT SAHAY): (a) Yes, Sir. India produces around 10% of world's fruit and vegetable, and has huge potential in food processing sector.

(b) and (c) The Ministry has been implementing various Plan Schemes for promotion and development of food processing industries and to attract private investment in food processing sector in order to give boost to agro-food processing, which will help in improving the economy of the rural areas. Under the Scheme for Technology Upgradation/ Modernisation/ Establishment of food processing industries, Ministry of Food Processing

Industries extends financial assistance to food processing units in the form of grant-in-aid @ 25% of the cost of plant and machinery and technical civil works subject to maximum of Rs. 50.00 lakhs in general areas or 33.33% subject to maximum of Rs. 75.00 lakhs in difficult areas such as Jammu & Kashmir, Himachal Pradesh, Uttarakhand, Sikkim and North Eastern States, A & N Islands, Lakshadweep and ITDP Areas.

Since one of the major constraints for low level of processing in agro-food products is lack of infrastructure such as cold chain facilities and inefficient supply chain, the Ministry in the 11th Plan proposes to implement a revamped scheme for infrastructure development under which, it will give enhanced level of financial assistance for setting up of Mega Food Parks, Cold Chain Infrastructure, modernisation of abattoirs, setting up of quality control laboratory etc.
